

```
bc::allocators::Basic  
_Allocator_Base< T, host_tag >
```

```
graph BT; A["bc::allocators::Allocator< T, host_tag >"] --> B["bc::allocators::Basic_AAllocator_Base< T, host_tag >"]
```

A diagram illustrating inheritance. A blue arrow points from the 'bc::allocators::Allocator' box below to the 'bc::allocators::Basic_AAllocator_Base' box above.

```
bc::allocators::Allocator  
< T, host_tag >
```
